SOURCE

1. Werneuchen (V06), 23 March 1949

a. Aircraft: Thirty-nine PE-3, four PC-2.

b. Activity: Considerable flying during 5 hours of observation, PE-3 and PO-2 participating. Single planes flew with tow-sleeve targets at 500 meters and were fired upon by AA machine guns with live ammunition from a small woods across from Hangar 7. (Cf map attachment). Local residents report night flying and bomb drops made over Forst Tiefensee.

c. Installations: Grass strip runways, with concrete strips before the hangars. Searchlights on all buildings. Aircraft are fueled by trucks which draw gasoline from a dump near the Kerftpuhl woods; this consists of 7 large circular tanks and a few wooden sheds surrounded by a high fence. A radio car was seen parked in a lane leading to Hirschfelde. There is a railroad siding connected with the Werneuchen Bahnhof.
